

ITALIAN DESIGN

hi-Ear is much more than a simple earmuff. In fact incorporates high performance speakers that allow you to listen your favourite music and your mobile phone conversations and also answer with the included microphone, without any fear of cold.

hi-Ear's width is adjustable, by pulling or squeezing, to perfectly fit all sizes. Compatible with: iPhone family, iPod family, a lot of mobile phones and every music source through universal jack 3,5 mm.

Specs:

Power: 10mW/8ohm

Frequency response: 50Hz-15.000 Hz

Size: all size in one design is adjustable

Doesn't need batteries
